## **RJX Alumni Spotlight: Jacob Binstein**

Jake graduated Maimonides and Sinai and did the Meor Israel and Meor Vision programs as well. Jake graduated Rutgers in 2014.

**Currently living:** Metuchen, NJ

**Occupation:** Software Engineer

**Favorite RJX Trip:** JInternship - being able to work in Israel for a summer as well as stay at Machon Ya'akov with an amazing group was an experience I'll never forget.

**Favorite RJX Memory:** Definitely spending Shabbos at all of the wonderful homes over the years. Staying at a stranger's house was definitely a foreign concept to me, but every single host has made me feel right at home.

**Funniest RJX Moment:** On an Israel trip with Rabbi Klatzko, we were in Tzfat celebrating New Years. For those unfamiliar with Tzfat, the entire city is on a hill, and the roads are notoriously difficult to navigate by car. We heard a loud crash outside, and found that someone had accidentally driven down some stairs and directly next to our bar. We built a makeshift ramp, and pushed the car up the stairs!
